3Dスキャン  
3D scanner can be used to make a pussy boat

**Step 1.** Using calipers, measure and record the AGD from the bottom of the genitals to the center of the anus.

**Step 2.** Open your legs wide, and 3D scan your AGD life-size

**Step 3.** Prepare to print, and use the recorded AGD from Step 1 to verify your life-size model

**Step 4.** Show off your life-size AGD to your friends and family; wear with pride !
